Background

- A. The Commonwealth is committed to working more closely with Indigenous Australians on the key priorities of getting children to school, adults to work and making communities safer.
- B. The Provider is committed to achieving results in these priority areas, and will work with the Commonwealth and Indigenous communities to do this.

How this Head Agreement and the Project Schedules work

1. The purpose of this Head Agreement is to create a framework that governs the relationship between the Commonwealth and the Provider for all Indigenous Grants.
2. This **Head Agreement** sets out the general terms and conditions applying to all Projects and Grants.
3. A **Project Schedule** sets out specific terms and conditions that apply to particular Projects and Grants covered by it.
4. A Project Agreement is formed if the Commonwealth approves a Grant and executes a Project Schedule with the Provider. The Commonwealth does not guarantee that any Grants will be made to the Provider during the term of the Head Agreement.
5. Each **Project Agreement** is a separate contract between the Commonwealth and the Provider. The terms of a Project Agreement are those set out in:
 - (a) the relevant Project Schedule;
 - (b) this Head Agreement; and
 - (c) any attachments to, or documents incorporated by reference into, any of those documents.
6. If there is any inconsistency between these documents, the document appearing higher in the list in clause 5 will take priority.
7. Each Project Agreement constitutes the parties' entire agreement relating to the Projects covered by that agreement and supersedes all previous oral or written communications, agreements and undertakings in relation to that Project.
8. Project Agreements may be entered into up until the Expiry Date of the Head Agreement. The Head Agreement remains in force until the end of all Project Agreements entered into before the Expiry Date.
9. The parties may mutually agree to extend a Project Agreement, by executing a contract variation under clause 139.
10. Headings to clauses do form part of a Project Agreement, however notes in italics are for information only and are not binding. Words in the singular include the plural, and vice versa.

THE GRANT

Payment of Grant

11. The Commonwealth will pay a Grant in accordance with the relevant Project Agreement, subject to sufficient funds being available and the Provider complying with the Project Agreement.

Using the Grant

12. The Provider is to use each Grant only in accordance with the Project Agreement. A Grant must only be used for the Project for which it is provided, unless the Commonwealth otherwise agrees in writing to an alternative use.
13. The Provider must hold all unspent Grant money in an account in its name and which it controls. The account must be with a deposit-taking institution authorised under the *Banking Act 1959* (Cth) to carry on business in Australia.
14. On request from the Commonwealth, the Provider will provide an authority to the authorised deposit-taking institution for the Commonwealth to obtain all details relating to any use of the account.
15. The Provider must manage its account and financial records so that all receipts and expenditure of each Grant are clearly identifiable and ascertainable at all times.

Tax and Invoices

16. Subject to clauses 17 to 19, the Provider agrees to pay all taxes, duties and government charges levied in Australia or overseas in connection with this Head Agreement and any Project Agreements.
17. All dollar amounts and all other consideration for a supply made under a Project Agreement are inclusive of GST, unless stated otherwise.
18. The Provider must notify the Commonwealth if its ABN changes or it ceases to be registered for GST.
19. Invoices will be issued in accordance with the Project Schedule.

DELIVERING THE PROJECT

Project to be delivered in accordance with Project Agreement

20. The Provider must deliver each Project:
 - (a) in accordance with the Project Agreement;
 - (b) in consultation and cooperation with the Commonwealth and the relevant communities; and
 - (c) in a manner that is not inconsistent with the Commonwealth's key priorities of getting children to school, adults to work and making communities safer.

Consultation, cooperation and evaluation

21. The parties agree that regular consultation, cooperation and evaluation are necessary to give each Project the best chance of achieving results for Indigenous Australians.
22. The parties agree that the processes set out in clauses 23 to 27 will be conducted in a mutually cooperative manner and may include consultation with the relevant community and other interested parties. The Provider also agrees to give reasonable assistance, access and information as required by the Commonwealth in relation to these processes.

23. The Commonwealth may, at any time, evaluate a Project, the Provider's capacity to deliver a Project in accordance with the Project Agreement, and/or the Provider's performance under a Project Agreement. The Commonwealth may consider:
- (a) the Provider's compliance with the Project Agreement;
 - (b) how a Project is progressing against the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
 - (c) the likelihood that a Project will continue to meet the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
 - (d) how the Provider identifies and manages risk to give a Project the best chance of achieving the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
 - (e) the extent to which a Project is achieving, or is likely to achieve, results that are consistent with and promote the Commonwealth's priorities (including under any guidelines); and
 - (f) any other relevant information.

Change proposals and delivering on Commonwealth priorities

24. If, at any time, the Commonwealth reasonably believes that:
- (a) the Provider may be, or may become, unable to deliver a Project in accordance with the Project Agreement, including due to financial, risk management or governance issues;
 - (b) a Project is unlikely to meet an outcome, objective and/or key performance indicator set out in the Project Schedule;
 - (c) the Provider is not identifying and managing risk in a manner that gives the Project the best chance of achieving the outcomes, objectives and/or key performance indicators set out in the Project Schedule; or
 - (d) a Project does not, or there is a risk that it will not, achieve results that are consistent with and/or promote the Commonwealth's priorities (including under any relevant guidelines),

the Commonwealth may notify the Provider and request a proposal outlining what steps could be taken and/or how the Project could be delivered in a manner that addresses these issues. The Commonwealth will give reasons for the request, and the Provider must provide a proposal to the Commonwealth within 10 business days (or any longer period agreed with the Commonwealth).

25. If, at any time, the Provider:
- a) considers that a Project could be changed or delivered in a manner that better addresses the issues listed in clause 24 –it may notify the Commonwealth and propose changes to the Project; or
 - b) fails to continue, or is unlikely or unable, to perform its obligations under a Project Agreement or to deliver a Project – it must promptly notify the Commonwealth and may propose changes to the Project.
26. Within 10 business days of receiving a proposal under clauses 24 or 25, the Commonwealth must notify the Provider whether it approves or rejects the proposal, or wishes to negotiate alternative arrangements.
27. The parties agree to negotiate any proposal in good faith, and to take the necessary steps to implement and comply with an approved proposal, including by executing a contract variation under clause 139 (if required).
28. An evaluation or proposal under clauses 23 to 27 is not required before the Commonwealth can take risk management action under clauses 70 to 71, appoint a grants controller under clauses 73 to 78,

take action under clause 80 where money is not spent in accordance with the Project Agreement, deal with unspent amounts under clause 81, or take action under the breach and termination provisions in clauses 82 to 91.

Working with Vulnerable Persons and police and criminal history checks policy

29. Before engaging or deploying any person (whether an officer, employee, contractor, subcontractor, volunteer or in any other capacity) in relation to any part of a Project that may involve contact with a Vulnerable Person, the Provider must:
 - (a) confirm that no Commonwealth, State or Territory law prohibits the person from being engaged in a capacity where they may have contact with a Vulnerable Person; and
 - (b) comply with all other legal requirements of the place where the Project, or part of the Project, is being conducted in relation to engaging or deploying persons in a capacity where they may have contact with Vulnerable Persons.
30. Upon request by the Commonwealth, the Provider must promptly provide evidence that it has complied with the requirements in clause 29. The evidence must be provided in a manner and form acceptable to the Commonwealth.
31. The Provider must also comply at all times with any additional policies or requirements relating to contact with Vulnerable Persons, police checks and criminal history checks, which the Commonwealth notifies to it from time to time.

Subcontracting and assignment

32. The Provider is responsible for ensuring each Project is conducted in accordance with the relevant Project Agreement, including any tasks undertaken by subcontractors.
33. The Provider agrees not to assign its rights or obligations under the Head Agreement or a Project Agreement or subcontract any aspect of a Project without the Commonwealth's prior written approval. The approval may be subject to conditions. Any subcontracting arrangements specified in a Project Schedule are approved for the purpose of this clause (subject to any conditions also set out in the Project Schedule).
34. The Provider acknowledges that the Commonwealth may publicly disclose the names of any subcontractors engaged for a Project, and the Provider agrees to inform all subcontractors of this and obtain the subcontractors' consent.
35. The Provider agrees to ensure that any subcontract entered into for the purpose of a Project Agreement is consistent with its obligations and the Commonwealth's rights under the Project Agreement. In particular, any subcontract must include clauses equivalent to clauses 29 to 31 (Vulnerable Persons), clauses 59 to 63 (access), clause 69 (removing Personnel), clauses 88 to 97 (termination), clauses 98 to 101 (insurance), and clauses 102 to 103 (indemnities).
36. The Commonwealth may, on any reasonable ground, direct the Provider to remove a subcontractor or subcontractor Personnel from a Project. The Commonwealth will give written reasons for the removal. The Provider must, at its own cost, ensure the subcontractor or subcontractor Personnel cease all further involvement in the Project and arrange a replacement that is acceptable to the Commonwealth.

Key Personnel

37. If Key Personnel are identified in a Project Schedule, the Provider agrees to ensure that they work on the Project as specified.

39. The Commonwealth may direct the Provider to remove Key Personnel under clause 69.

Assets

40. The Provider agrees to obtain prior written approval from the Commonwealth to use a Grant or any part of a Grant to purchase, lease or acquire an Asset. The approval may be conditional and may include requiring the Provider to provide the Commonwealth with security over the Asset at the Provider's own cost. Any Assets specified in a Project Schedule are approved for the purpose of this clause (subject to any conditions also set out in the Project Schedule).
41. The Provider will maintain a register of all Assets and provide the register to the Commonwealth on request. The Provider may keep a single register that covers all Assets covered under a Project Agreement. The register must include for each Asset:
- (a) a description of the Asset, including the serial number and the location of the Asset;
 - (b) the date of purchase, lease or other acquisition;
 - (c) the purchase, lease or acquisition price;
 - (d) the amount of the Grant used to purchase, lease or otherwise acquire the Asset;
 - (e) whether it is owned, leased or acquired;
 - (f) all Projects and Project Agreements to which it relates;
 - (g) the proceeds of any sale or disposal of the Asset; and
 - (h) the Adjustable Value of the Asset.
42. The Provider is fully responsible for each Asset and bears all risk relating to the Asset and its use.
43. The Provider must protect and maintain all Assets.
44. Unless otherwise agreed in writing by the Commonwealth, an Asset may only be used for delivering a Project and must not be encumbered or used as security for any purpose.
45. The Provider must not sell or dispose of an Asset without the Commonwealth's prior written approval. The approval may be conditional and may require the Provider to repay an amount up to the Adjustable Value of the Asset within 20 business days of approval unless otherwise agreed by the Commonwealth.
46. The Provider agrees to comply with any Commonwealth directions requiring it to deal with Assets in a particular way at the Project End Date. This may include selling the Asset and returning the full sale amount to the Commonwealth, or transferring the Asset to the Commonwealth or its nominee.
47. On request, the Provider must give the Commonwealth evidence showing that it has complied with the requirements set out in clauses 40 to 46.

Complaints

48. The Provider will establish and maintain a complaints handling process for each Project. The process must be published and made available on request to the Commonwealth and the public.
49. The Provider will also maintain a complaints register for each Project.

50. The complaints register must contain full details of all complaints made in relation to the Project, whether received directly by the Provider or referred to it by the Commonwealth or a third party. The register must identify, for each complaint:
- (a) the name of the person or organisation making the complaint (if known);
 - (b) the date and nature of the complaint; and
 - (c) any action taken, including any changes (or proposed changes) to the conduct of the Project as a result of the complaint.
51. The Provider agrees to provide the Commonwealth a copy of the complaints register on request.

REPORTING AND ACCESS

Reports

52. The Provider must provide the reports identified in a Project Schedule.
53. Each report must be provided at the times, and containing the information, set out in the Project Schedule.
54. The Commonwealth may request a revised report where it reasonably believes that either the form or content of a report is unsatisfactory. The Provider must comply with that request within 10 business days unless another timeframe is agreed.
55. Subject to clause 56, if an audited expenditure report is required, it must be audited by a person who is not a principal, member, shareholder, officer or employee of the Provider and is either:
- (a) a Registered Company Auditor under the *Corporations Act 2001* (Cth);
 - (b) a member of CPA Australia;
 - (c) a member of the Institute of Public Accountants in Australia; or
 - (d) a member of the Institute of Chartered Accountants in Australia.
56. Where the Provider is audited by the Commonwealth Auditor-General or a State or Territory Auditor-General, an audited expenditure report must be audited in accordance with the relevant legislation.
57. The Provider agrees to provide any additional information or reports reasonably requested by the Commonwealth. This includes providing information or reports relating to a Project, Grant, the Provider's governance arrangements and its overall financial position, or arranging for an unaudited report to be audited. Additional information or reports must be provided within 10 business days unless another timeframe is agreed.
58. Information contained in, or provided under, this Head Agreement or a Project Agreement may be used for public reporting purposes.

Access to premises and records

59. Subject to clause 60 and on written request, the Provider agrees to give the Commonwealth and/or its authorised representatives access to:
- (a) all premises being used to administer a Grant, or to deliver a Project; and
 - (b) all Material relating to the Head Agreement or a Project Agreement, including allowing copies of these items.
60. The access must be provided within 48 hours of the Provider receiving the request, or any shorter time set out in the request.

61. The Commonwealth may require immediate access where there are public health or safety concerns or in the circumstances listed in clause 62.
62. The Commonwealth and/or its authorised representatives may remove and retain any Material relevant to an investigation involving:
- (a) an actual or apprehended breach of the law;
 - (b) a breach of a Project Agreement; or
 - (c) fraud.

This includes removing and retaining Material not related to a Project. The Commonwealth will return a copy of the Material within a reasonable period of time.

63. The Provider must also provide assistance and Material required by the Commonwealth to comply with any requests received by the Commonwealth under the *Freedom of Information Act 1982* (Cth).

GOVERNANCE AND RISK MANAGEMENT

Strengthening Organisational Governance

64. Clauses 65 to 68 require the Provider to be, or become, incorporated in certain circumstances.
65. The incorporation requirement applies if the total value of all Indigenous Grants (except Capital Works Grants) in a financial year equals \$500,000 or more (excluding GST), and the Provider:
- (a) is not a statutory body, or a State or Local Government; and
 - (b) has not received an exemption from the incorporation requirements in clauses 66 to 68 from the Minister (or the Minister's delegate).
66. Where the incorporation requirement applies:
- (a) the Provider must be, or become, incorporated in accordance with clause 67; and
 - (b) the incorporation must occur within 6 months of the date that the agreement (or contract variation) is executed resulting in the total value of all Indigenous Grants in a financial year equalling \$500,000 or more (excluding GST).

68. Once the Provider is, or becomes, incorporated, it must remain incorporated for the remainder of the term of all Indigenous Grant Agreements.

Removing Personnel

69. The Commonwealth may direct the Provider to remove Personnel, including Key Personnel, from a task relating to any Grant, Project or Project Agreement on any reasonable ground, and will give written reasons for the removal. The Provider must, at its own cost, promptly remove the Personnel and where applicable provide replacement Personnel acceptable to the Commonwealth.

72. The risk management and/or performance action under clause 71 may be taken in relation to some or all of the Provider's Projects or Project Agreements.

Grant controller

73. If the Commonwealth appoints a grant controller, it will give the Provider notice of the appointment, setting out the name of the grant controller, the scope of their role and the duration of the appointment.

78. The Provider agrees that costs incurred by the Commonwealth in relation to a grant controller may be deducted from future payments under any Project Agreement, or must be borne by the Provider if the Commonwealth gives notice to that effect. The Provider acknowledges that the Commonwealth is not liable for any costs incurred by the Provider in relation to a grant controller.

WITHHOLDING, INCORRECTLY PAID OR SPENT, UNSPENT AMOUNTS AND BREACHES

 - (b) done everything the Provider was required to do to the Commonwealth's satisfaction;
 - (c) been performing the Project to the Commonwealth's satisfaction; or
 - (d) spent the Grant in accordance with the Project Agreement.

The Commonwealth will only pay the withheld amount once the reasons for withholding the payment are resolved to the Commonwealth's satisfaction.

Provider not entitled to amount or amount not spent in accordance with a Project Agreement

80. If the Provider is paid an amount it is not entitled to, or some or all of a Grant payment has not been spent in accordance with the Project Agreement, the Commonwealth may by notice require repayment of an amount, or reduce any other Grant payment under that or any other Project Agreement, up to the relevant amount.

Unspent Grant amounts

81. If the Provider:
- (a) is unable to spend all of a Grant in accordance with the Project Agreement; or

83. The Provider must comply with the notice and any accepted remediation plan, in the required timeframes and to the Commonwealth's reasonable satisfaction.
84. If the Provider does not comply with clause 83, or breaches a term or condition of a Project Agreement and the breach is incapable of being remedied, the Commonwealth may:
- (a) reduce or withhold one or all of the Grant payments for any Projects under the Project Agreement;

 - (b) breached a term or condition of a Project Agreement and the breach is not capable of being remedied;

Background

- A. The Commonwealth is committed to working more closely with Indigenous Australians on the key priorities of getting children to school, adults to work and making communities safer.
- B. The Provider is committed to achieving results in these priority areas, and will work with the Commonwealth and Indigenous communities to do this.

How this Head Agreement and the Project Schedules work

1. The purpose of this Head Agreement is to create a framework that governs the relationship between the Commonwealth and the Provider for all Indigenous Grants.
2. This **Head Agreement** sets out the general terms and conditions applying to all Projects and Grants.
3. A **Project Schedule** sets out specific terms and conditions that apply to particular Projects and Grants covered by it.
4. A Project Agreement is formed if the Commonwealth approves a Grant and executes a Project Schedule with the Provider. The Commonwealth does not guarantee that any Grants will be made to the Provider during the term of the Head Agreement.
5. Each **Project Agreement** is a separate contract between the Commonwealth and the Provider. The terms of a Project Agreement are those set out in:
 - (a) the relevant Project Schedule;
 - (b) this Head Agreement; and
 - (c) any attachments to, or documents incorporated by reference into, any of those documents.
6. If there is any inconsistency between these documents, the document appearing higher in the list in clause 5 will take priority.
7. Each Project Agreement constitutes the parties' entire agreement relating to the Projects covered by that agreement and supersedes all previous oral or written communications, agreements and undertakings in relation to that Project.
8. Project Agreements may be entered into up until the Expiry Date of the Head Agreement. The Head Agreement remains in force until the end of all Project Agreements entered into before the Expiry Date.
9. The parties may mutually agree to extend a Project Agreement, by executing a contract variation under clause 139.
10. Headings to clauses do form part of a Project Agreement, however notes in italics are for information only and are not binding. Words in the singular include the plural, and vice versa.

THE GRANT

Payment of Grant

11. The Commonwealth will pay a Grant in accordance with the relevant Project Agreement, subject to sufficient funds being available and the Provider complying with the Project Agreement.

Using the Grant

12. The Provider is to use each Grant (including any interest earned on a Grant) only in accordance with the Project Agreement. A Grant must only be used for the Project for which it is provided, unless the Commonwealth otherwise agrees in writing to an alternative use.
13. The Provider must hold all unspent Grant money in an account in its name and which it controls. The account must be with a deposit-taking institution authorised under the Banking Act 1959 (Cth) to carry on business in Australia.
14. On request from the Commonwealth, the Provider will provide an authority to the authorised deposit-taking institution for the Commonwealth to obtain all details relating to any use of the account.
15. The Provider must manage its account and financial records so that all receipts and expenditure of each Grant are clearly identifiable and ascertainable at all times.

Tax and Invoices

16. Subject to clauses 17 to 19, the Provider agrees to pay all taxes, duties and government charges levied in Australia or overseas in connection with this Head Agreement and any Project Agreements.
17. All dollar amounts and all other consideration for a supply made under a Project Agreement are inclusive of GST, unless stated otherwise.
18. The Provider must notify the Commonwealth if its ABN changes or it ceases to be registered for GST.
19. Invoices will be issued in accordance with the Project Schedule.

DELIVERING THE PROJECT

Project to be delivered in accordance with Project Agreement

20. The Provider must deliver each Project:
 - (a) in accordance with the Project Agreement;
 - (b) in consultation and cooperation with the Commonwealth and the relevant communities; and
 - (c) in a manner that is not inconsistent with the Commonwealth's key priorities of getting children to school, adults to work and making communities safer.

Consultation, cooperation and evaluation

21. The parties agree that regular consultation, cooperation and evaluation are necessary to give each Project the best chance of achieving results for Indigenous Australians.
22. The parties agree that the processes set out in clauses 23 to 27 will be conducted in a mutually cooperative manner and may include consultation with the relevant community and other interested parties. The Provider also agrees to give reasonable assistance, access and information as required by the Commonwealth in relation to these processes.
23. The Commonwealth may, at any time, evaluate a Project, the Provider's capacity to deliver a Project in accordance with the Project Agreement, and/or the Provider's performance under a Project Agreement. The Commonwealth may consider:

- (a) the Provider's compliance with the Project Agreement;
- (b) how a Project is progressing against the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
- (c) the likelihood that a Project will continue to meet the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
- (d) how the Provider identifies and manages risk to give a Project the best chance of achieving the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
- (e) the extent to which a Project is achieving, or is likely to achieve, results that are consistent with and promote the Commonwealth's priorities (including under any guidelines); and
- (f) any other relevant information.

Change proposals and delivering on Commonwealth priorities

24. If, at any time, the Commonwealth reasonably believes that:

- (a) the Provider may be, or may become, unable to deliver a Project in accordance with the Project Agreement, including due to financial, risk management or governance issues;
- (b) a Project is unlikely to meet an outcome, objective and/or key performance indicator set out in the Project Schedule;
- (c) the Provider is not identifying and managing risk in a manner that gives the Project the best chance of achieving the outcomes, objectives and/or key performance indicators set out in the Project Schedule;
- (d) a Project does not, or there is a risk that it will not, achieve results that are consistent with and/or promote the Commonwealth's priorities (including under any relevant guidelines);
- (e) the Provider holds unspent Grant amounts that are additional to the requirements of the Project; or
- (f) the Provider is unlikely to spend all of a Grant before the Project End Date,

the Commonwealth may notify the Provider and request a proposal outlining what steps could be taken and/or how the Project could be delivered in a manner that addresses these issues. The Commonwealth will give reasons for the request, and the Provider must provide a proposal to the Commonwealth within 10 business days (or any longer period agreed with the Commonwealth)

25. If, at any time, the Provider:

- (a) considers that a Project could be changed or delivered in a manner that better addresses the issues listed in clause 24 – it may notify the Commonwealth and propose changes to the Project; or

32. The Provider is responsible for ensuring each Project is conducted in accordance with the relevant Project Agreement, including any tasks undertaken by subcontractors.
33. The Provider must not sell, transfer, assign or otherwise dispose of any of its rights or obligations under the Head Agreement or Project Agreement in whole or in part without prior written approval from the Commonwealth, and any approval will not relieve the Provider of its obligations and responsibilities of its obligations under the Head Agreement or Project Agreement.
- 33A. The Provider must not subcontract any aspect of a Project, including any Material Subcontractor, without the Commonwealth's prior written approval. The approval may be subject to conditions. Any subcontracting arrangements specified in a Project Schedule are approved for the purpose of this clause (subject to any conditions also set out in the Project Schedule).
34. The Provider acknowledges that the Commonwealth may publicly disclose the names of any subcontractors engaged for a Project, and the Provider agrees to inform all subcontractors of this and obtain the subcontractors' consent.
35. The Provider agrees to ensure that any subcontract entered into for the purpose of a Project Agreement is consistent with its obligations and the Commonwealth's rights under the Project Agreement. In particular, any subcontract must include clauses equivalent to clauses 29 to 31 (Vulnerable Persons), clauses 59 to 63 (access), clause 69 (removing Personnel), clauses 88 to 97 (termination), clauses 98 to 101 (insurance), clauses 102 to 103 (indemnities) and clauses (118 to 119C) (**Work health and safety**).

- 36A. The Commonwealth may approve any aspect of a Project under a Project Agreement being provided by one or more Material Subcontractors.
- 36B. A subcontractor will be a Material Subcontractor if, in the Commonwealth's reasonable opinion, the subcontractor:

 - (b) performs any aspect of a Project that the Commonwealth considers to be material in nature;
 - (c) undertakes a significant proportion of a Project (including a significant proportion of a provider service area); or

36D. Where a Project Agreement requires the Provider to take an action or refrain from taking an action in relation to a Project, the Provider must ensure that a Material Subcontractor takes that action, or refrains from taking that action, so that it at all times complies with the Project Agreement when performing the Project.

- (a) be in writing and validly executed by both parties;

The Commonwealth will give written reasons for the revocation. The Provider must, at its own cost, ensure the subcontractor and subcontractor Personnel cease all further involvement in the delivery of Project and arrange a replacement that is acceptable to the Commonwealth within the timeframes reasonably required by the Commonwealth.
- 36I. - 36J. The rights and remedies of the Commonwealth under any Project Agreement against the Provider for any default in the Provider's obligations under the Project Agreement are not affected or in any way diminished by any legal relationship between the Commonwealth and any Material Subcontractor, including any legal relationship established by the execution and delivery of the Deed Poll referred to in clause 36C(b) (**Material Subcontractors**).

Restructuring of Material Subcontracting arrangements

- 36K. If at any time the Commonwealth or the Provider considers that it would be more desirable for the provision of the Project to be restructured, so that this Head Agreement and/or a Project Agreement is novated to a Material Subcontractor, and the Provider becomes a Material Subcontractor under that novated Head Agreement and/or Project Agreement, then:
- (a) that party must notify the other party;
 - (b) as soon as practical, the parties must meet and consider the proposed arrangements for such a novation and subcontracting arrangement;

- (c) the Provider must do all things necessary to facilitate the Material Subcontractor (and any other relevant subcontractors) being a part of those meetings and consideration; and
- (d) the parties must endeavour to reach agreement on any restructuring, and then promptly document and implement that agreement.

36L. For clarity, the parties undertaking (or failing to undertake) the process in clause 36K does not affect any other rights of a party under the Head Agreement or Project Agreement.

Key Personnel

- 37. If Key Personnel are identified in a Project Schedule, the Provider agrees to ensure that they work on the Project as specified.
- 38. If Key Personnel are unable to work on the Project as specified, the Provider agrees to notify the Commonwealth immediately and to engage replacement Personnel acceptable to the Commonwealth as soon as reasonably practicable.
- 39. The Commonwealth may direct the Provider to remove Key Personnel under clause 69.

- 40. The Provider agrees to obtain prior written approval from the Commonwealth to use a Grant or any part of a Grant to purchase, lease or acquire an Asset. The approval may be conditional and may include requiring the Provider to provide the Commonwealth with security over the Asset at the Provider's own cost including, if any, additional conditions regarding the Assets set out in any Project Schedule. Any Assets specified in a Project Schedule are approved for the purpose of this clause (subject to any conditions also set out in the Project Schedule).
- 41. The Provider will maintain a register of all Assets and provide the register to the Commonwealth on request. The Provider may keep a single register that covers all Assets covered under a Project Agreement. The register must include for each Asset:

 - (h) the Adjustable Value of the Asset.
- 42. The Provider is fully responsible for each Asset and bears all risk relating to the Asset and its use.
- 43. The Provider must protect and maintain all Assets.
- 44. Unless otherwise agreed in writing by the Commonwealth, an Asset may only be used for delivering a Project and must not be encumbered or used as security for any purpose.
- 45. The Provider must not sell or dispose of an Asset without the Commonwealth's prior written approval. The approval may be conditional and may require the Provider to repay an amount up to the Adjustable Value of the Asset within 20 business days of approval unless otherwise agreed by the Commonwealth.
- 46. The Provider agrees to comply with any Commonwealth directions requiring it to deal with Assets in a particular way at the Project End Date. This may include selling the Asset and returning the full sale amount to the Commonwealth, or transferring the Asset to the Commonwealth or its nominee.

47. On request, the Provider must give the Commonwealth evidence showing that it has complied with the requirements set out in clauses 40 to 46.

Complaints

48. The Provider will establish and maintain a complaints handling process for each Project. The process must be published and made available on request to the Commonwealth and the public.
49. The Provider will also maintain a complaints register for each Project.
50. The complaints register must contain full details of all complaints made in relation to the Project, whether received directly by the Provider or referred to it by the Commonwealth or a third party. The register must identify, for each complaint:
- (a) the name of the person or organisation making the complaint (if known);
 - (b) the date and nature of the complaint; and
 - (c) any action taken, including any changes (or proposed changes) to the conduct of the Project as a result of the complaint.
51. The Provider agrees to provide the Commonwealth a copy of the complaints register on request.

Reports

52. The Provider must provide the reports identified in a Project Schedule.
53. Each report must be provided at the times, and containing the information, set out in the Project Schedule.
54. The Commonwealth may request a revised report where it reasonably believes that either the form or content of a report is unsatisfactory. The Provider must comply with that request within 10 business days unless another timeframe is agreed.
55. Subject to clause 56, if an audited expenditure report is required, it must be audited by a person who is not a principal, member, shareholder, officer or employee of the Provider and is either:

65. The incorporation requirement applies if the total value of all Indigenous Grants (except Capital Works Grants) in a financial year equals \$500,000 or more (excluding GST), and the Provider:
- (a) is not a statutory body, or a State or Territory or Local Government; and

68E. The Provider must take reasonable steps to satisfy itself that clauses 68D(a) to 68D(f) do not apply to anyone it has employed, engaged or elected (or to anyone it intends to employ, engage or elect) to a role in its management, or financial administration, or to conduct the Project. The Provider must provide information to the Commonwealth about those steps upon request, together with evidence that those steps have been taken.

78. The Provider agrees that costs incurred by the Commonwealth in relation to a grant controller may be deducted from future payments under any Project Agreement, or must be borne by the Provider if the Commonwealth gives notice to that effect. The Provider acknowledges that the Commonwealth is not liable for any costs incurred by the Provider in relation to a grant controller.

- 2.5 IMF Community Impact activities within agreed communities (see Tables A and B) with a focus on increasing participation in, and expansion of, activities within these communities for the duration of the project schedule.

IMF RAW

- 2.6 IMF RAW consists of IMF RAW Groups, IMF RAW National Championships Event and IMF Runners.
- 2.7 IMF RAW supports community led running and walking activities to build community engagement by providing training and building capacity within the community to drive Indigenous employment and ensure activities can run independently of the IMF staff. These activities encourage and assist local Indigenous children, adults and elderly in communities to engage in quality structured, monitored and managed IMF RAW activities increasing their fitness, knowledge and physical ability.
- 2.8 IMF RAW must deliver a series of at least four running and walking events in each of the agreed participating Indigenous communities and regional towns (see Table A).
- 2.9 All IMF RAW events must consist of local fun runs (and walks) delivered by the community in communities and be inclusive and open to every age, gender, level of fitness and ability/disability, and Indigenous and non-Indigenous participants.
- a) Participants times, places, attendance must be recorded and medals presentations made to participants.
 - b) Participants must demonstrate regular attendance and commitment in order to earn an IMF

RAW T- shirt.

- c) Participation in at least four IMF RAW events is required to qualify for the IMF RAW National Championships.
- 2.10 IMF RAW National Championships is an annual event held in June each year, or as agreed in the work plan, and consists of eight Indigenous teams selected from the IMF RAW series and communities that have held more than four local events.
- 2.11 Selection of team members to represent the community at the IMF RAW National Championships must be based on the individual's participation and improvement (not on being the fastest).
- 2.12 Teams must consist of four runners, ideally a man, woman, and a school aged boy and girl (under 16 years).
- 2.13 IMF RAW Runners are athletes who have developed from the above events, where IMF RAW groups in communities are now regularly getting together and training for the IMF RAW events and the IMF RAW National Championship.
- a) These groups must be training approximately 3 times a week, almost every week of the year.
- 2.14 The above mentioned events must be organised by the Provider in conjunction with community members, local teachers and schools, sport and recreations officers, youth workers, police, health workers, and others.

INDIGENOUS COMMUNITIES FOR ACTIVITY AND NUTRITION (I-CAN)

- 2.15 I-CAN is a health promotion program aimed at primary school children in regional and remote regions. I-CAN drives a culture of healthy habits, fitness and physical activity for children within remote communities addressing chronic disease and improving physical, social and emotional wellbeing.
- 2.16 The Provider must encourage children to maintain consistent school attendance and participation in school activities through activities-based learning and incentives for good school attendance with rewards and strive to employ as many local Indigenous community members in the delivery of the program as possible. This not only includes the in-school delivery, but also the planning, installation and maintenance of a Running and Fitness Tracks.
- 2.17 The Provider must deliver at least two I-CAN intensive eight week programs each year within schools (see Table B) during a school term, in agreed communities which includes the following elements:
- a) Community Consultation - Prior to selecting 2 schools each year, I-CAN staff must conduct a consultation visit to ensure the school and community are suitable and prepared to assist in delivering the program. The consultation must include looking at possible Running and Fitness Track locations, and meet with relevant community members, support staff and construction workers. The Provider must notify the Agency upon selection of each community for service delivery and when community consultation and support has been confirmed.
 - b) I-CAN Training - Once a new community has been selected, the Provider must choose local staff to complete I-CAN training and qualifications where possible. This will assist in building capacity within the community, drive Indigenous employment and ensure the program can run independently of the I-CAN Manager.
 - c) I-CAN Health Assessments and Physical Fitness Screenings - Each school must be supplied with a health assessment and games/activities kit along with supporting reference material to conduct relevant physical assessments during the eight week program.

- d) Graduation Ceremony – Upon completion of the eight-week program, I-CAN staff must hold a graduation ceremony to celebrate the achievement of the students. Children must be awarded with a certificate of completion and a prize.
- e) Fitness and Running Track - The Provider must work with the selected schools and communities (see Table B) in the design, placement and development of the Running and Fitness Tracks.
 - i. The Provider must provide a fitness and running track containing fun activity exercise stations to help children improve their physical fitness which includes equipment, signage and training for staff to ensure the physical assessments, games and activities are conducted properly.
 - ii. The Provider must organise a community family and fun fitness day to launch the Fitness and Running Track and have a community significant person open the track, if the school has selected to install one. (This is optional, depending on accessibility of the location of the track on school grounds or in community.)
- f) I-CAN Tour - Six to twelve months after the successful completion of the program, I-CAN staff must return to the community (see Table C) on the I-CAN Tour to facilitate follow-up physical fitness and physical literacy screenings of participating students for comparison with data collected previously by the Provider.
- g) Colour Fun Runs – Students who have a good attendance record of over 60% and who participated consistently throughout the eight-week program will be rewarded with a colour fun run. The Provider must facilitate four colour fun runs at the end of each term for each school.
 - i. Schools must be provided with a colour fun run kit including colour powders and bottles, fun run t-shirts and four different coloured wristbands – one for each term, so children have the opportunity to collect them all. Wristbands will feature the Provider’s logo as well as the slogan ‘I-CAN DO IT’.

2.18 The Provider must carry out data analysis throughout the course of the I-CAN program and shared with the school upon completion of the program, and reported to the National Indigenous Australians Agency.
