Journalist: s47F Deadline: 8 August
Enquiry: I am writing for clarity in relation to the Uluru Statement from the Heart. This is based on this report: https://www.skynews.com.au/australia-news/sky-news-host-peta-credlin-exposes-labors-lie-on-the-uluru-statement-from-the-heart-under-freedom-of-information-act/news-story/f1539032a44c6658c2feb352b2ddea45 - Read: Full Document embedded What is document 14 from the FOI given to Sky News? Is the section pages 1 - 26 (including the roadmap) considered the Uluru Statement from the Heart? If not, what is?
Status: A response is being drafted.

Journalist: s47F Deadline: 8 August
Enquiry: There are some new claims going around on social media about the Uluru Statement that it is not a one-page document but instead a 26-page document, and the other 25 pages were uncovered via an FOI request. We have looked into similar claims before, in regard to the 'secret' NIAA FOI docs, but I wondered if you could help with this one please, by providing some simple clarification about the FOI request. This new claim seems to be spreading quite quickly on social media. The FOI in question is FOI/2223/016 (the same March one previously misused for certain claims) which requested all minutes and outcomes from regional dialogue events. On the NIAA disclosure log , it has the wording of the FOI listed. Would you please be able to help us debunk this claim by clarifying exactly what 'document 14' in that request related to? That's all I need to know, thanks. Just what 'document 14' covered in the response to that FOI.
Status: A response is being drafted.

Content: Sure. It's about the USH – one page vs 20 page doc. Senator Price's office has sent through a request for clarification.

Hi Julie-Ann

As discussed.

This is what was said on Sky:

Speaking to Sky News Australia, shadow Indigenous Australians Minister Jacinta Price revealed that the National Indigenous Australians Agency had confirmed the Uluru statement was the full 26-page document.

“My office today sought clarification from the FOI team at NIAA to determine whether the Uluru statement from the heart is simply one page or the full 26 pages,” Senator Price told Credlin.

“My staff got a phone call at 12:54 this afternoon with a verbal clarification that the document is, in fact, the 26 pages and not just, of course, the one page.”

Dear Senator Nampijinpa Price

I am writing to respond to your recent statements regarding the Uluru Statement from the Heart.

The Uluru Statement from the Heart is one page, signed by the delegates at the National Convention in 2017. The authors of the Uluru Statement from the Heart have confirmed this. The additional pages contained in Document 14 of FOI 2223/016 are background and excerpts drawn from the regional dialogues.

The NIAA did not provide verbal clarification that the Uluru Statement from the Heart document is 26 pages long. What was verbally confirmed was that the publication of the correspondence on the Right-To-Know website between the NIAA and an individual, was accurate.

Yours sincerely
